Professor Humphrey's
SPECIFIC
Homœopathic Medicines,
FOR
Families and Travelers, and others
THESE Medicines have the merit of being prepared with a view of supplying family and others with a Specific Remedy against all the minor ordinary diseases which occur in every day life. The list includes nothing remedies for all the more severe diseases such as Cholera, Typhus, Hydrocephalus, Dentitions of the Bloom, and Fever, Worm Complaints, Diarrhœa, &c., &c., also for those more violent and violent diseases which require the aid of a physician, but which can be safely and effectually relieved by the use of these Medicines. Those who have used them have found them to be of great benefit to them, and have found them to be of great benefit to them, and have found them to be of great benefit to them.
Dr. Humphrey's Specific Homœopathic Medicines are recommended in the form of large Sugar Pellets, one of which is sufficient for the largest dose, and put up in boxes, price $1 each. Each box contains 36 or 40 Pellets, and Directions for the different kinds, are enclosed in each box, accompanied with a small Manual or Book of Directions, giving a concise description of the diseases, treatment and directions for giving the medicines, so that no person can be at a loss, as to the proper way to use them.
The advantages of Specific Homœopathic Medicines in preserving other homœopathic medicines a long time in any climate, will recommend them to all persons who are about to travel, and in fact to all persons, as they are not liable to change, or to be injured by heat, cold, or dampness, and are always ready for use.

WHALEBONE SKIRTS.
THE only object of a Whalebone Skirt is to give a young, graceful and elegant form to a lady's dress. If this object is accomplished, the skirt is certainly worthless. The Ladies, by referring to Frank Leslie's Gazette of Fashion for April, will notice that E. & J. COMBS have, from actual experience, been enabled to produce in their manufactory a Skirt which they have invented and have their Improved Elastic Skirt which they claim to be superior to any Skirt in the market. The Skirt is made of the best materials, and is warranted to give satisfaction in every respect. We would recommend to the ladies who have been disappointed in other Skirts, to call and examine our Skirts, as we are confident they will be pleased with them. We would also call the attention of the trade to our stock of Whalebone, which we offer at the lowest market prices.

ORDER, Pearson, Graham, Lamb's Journal, &c., relative to
D. FOSTER & CO.

THE GREATEST
MEDICAL DISCOVERY
Of the Age.
DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures
A VERY KIND OF HUMOR
From the worst Scrofula down to a common Pimple.
He has tried it in over 1000 cases and never failed except in two cases, (both of them ill humor). He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two to three bottles will clear the system of boils.
Two bottles are warranted to cure the worst cankers in the mouth and stomach.
Three to five bottles are warranted to cure the worst case of Erysipelas.
One to two bottles are warranted to cure all humors in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure ulcers and running ulcers.
One bottle will cure nearly all cases of the skin.
Two to three bottles are warranted to cure the worst cases of ringworm.
Two to three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure the scrofula.
Five to eight bottles will cure the worst cases of scrofula.
Dr. Kennedy is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Dr. Kennedy peddled over a thousand bottles of this in the vicinity of Boston, (I know the effect of it in every case). So sure as water will extinguish fire, so surely will this Great Remedy banish from the body all the above humors. I never sold a bottle of it that sold another order, as it always speaks for itself. There are two things about this Great Remedy that appear to me surprising. First, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1848—second, that it should cure all kinds of humor.
In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, sold over one thousand bottles per day of it.
Some of the wholesale druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There are universal praise of it from all quarters.
In my own practice I always keep it at first for humors—but never fail in introducing it as a general family medicine. It is the most wonderful virtues have been found in it that I never suspected.
Several cases of expert cures—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will prove to distressed in all cases of that awful malady—there are but few which are seen more of it than I have.
I know of several cases of Dropsy fall on them upon people, cured by it. For the cure of diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Disease of the Spine, and particularly in Diseases of the Kidneys, &c., its discovery has done more good than any medicine ever known.
No change of diet ever necessary—eat the best you can get and enough of it.
DIRECTION FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be given able to all constitutions, take sufficient to operate on the bowels twice a day.
The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 1854-57, Market Square, Portland, Maine, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.
PRICE $1.00.

The Great European Cough Remedy.
Important to the Consumptive and the Public generally. The celebrated
Universal Cough Mixture
Is a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.
PREPARED ONLY BY
REV. WALTER CLARK,
Sole Proprietor, Cornhillville, Maine.
Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged; and especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently causes the sufferer to expectorate and refreshing sleep, so long sought for, and so much prized of that blessing.
Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.
Extract of a letter from Daniel Adams, Esq., of Brooksville, Maine.
FEBRUARY, 17th, 1853.
To Rev. Walter Clark—Dear Sir—The bottle of your Universal Cough Mixture which I bought of you at Orphanin last, has effected so much relief in my family, that I feel desirous of procuring another bottle. My son had been afflicted with a severe cough for two years—the bottle entirely removed it.
From Rev. Jesse Hoyt, Lewiston Falls.
Rev. Clark—Every mother of the Universal Cough Mixture which you left with me in April, and I have several times since procured more. As far as heard from, all have been perfectly satisfied with the medicine. One man who had a cough of long standing, upwards of eighteen years, after having taken three bottles, the cough was entirely cured, and has had no cough since. The people in this town are universally pleased with it, and I can recommend it to the world, and cannot be recommended too highly.
JESSE HOYT.
From Mr. Fletcher Cook, agent for North Dixmont, Maine.
Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a year's standing, and others who have been confined six months without recovering any benefit, have been speedily cured by the Universal Cough Mixture.
From Mrs. Hubbard, Thorndike, Me.
FEBRUARY 1, 1854.
To Rev. Walter Clark, Dear Sir—This certifies that I have used two bottles of your Universal Cough Mixture for a distressing cough and weakness in the lungs. I had previously taken a great deal of medicine, and had been under the care of several physicians, without obtaining the least relief. Happily your Universal Cough Mixture was recommended to me. I procured a bottle, which I began to take according to direction on the label, by which in a few days it was entirely cured.

FOR PRESIDENT

JOHN C. FREMONT,

OF CALIFORNIA.

FOR VICE PRESIDENT

WILLIAM L. DAYTON,

OF NEW JERSEY.

FREE LABOR, FREE MEN, FREE SPEECH, THE NATURAL CAPITAL WHICH CONSTITUTES THE REAL WEALTH OF THE GREAT COUNTRY, AND CREATES THAT INTELLIGENT POWER IN THE MASSES ALONE TO BE RELIED ON AS THE BULWARK OF FREE INSTITUTIONS.—John C. Fremont's Letter of Acceptance.

The Sham Democracy Dissecting Itself

The Cincinnati Convention threw overboard Franklin Pierce who more and more than any other man had decided to the lowest depths to carry out the policy of the slave-driven Democracy. They were then ready to go any length, but as the point was reached they had insisted upon had caused a split which could throw into the scale the most devoted agent and tool.

In this same party at their Cincinnati Convention work of the Squatter Sovereignty plank naturally to their platform, and were to abandon it as they had that Buchanan should in fact only available by throwing to the sinking of Pierce. But shortly after the nomination, great popular Kansas had taken upon the Democratic party, and the Administration, and upon the people of the United States, and the Democracy, to withdraw from the ruinous hanging about the ruinous slope. Mr. Buchanan still hesitated, but as matters thought his economy was going, and as matters thought he could put down, when he put an end to this difference by hanging himself in his own room. So much for romance.

Mr. H. Harris, Civil Engineer, whose card in another column, has established himself in this city, and invites a room at Exchange Block. Mr. Harris is an Engineer of ability and is prepared in addition to his branches to attend to the advancements, to execute drawings of machinery and shipping. Persons wishing maps made will do well to give him a call.

We return our thanks to Mr. John E. Reynolds for a bundle of California papers received by him from his brother here in the Golden State, by the last mail.

Our thanks are due and are cheerfully rendered to our friend Charles E. Kimball, Esq. proprietor of the Notre Caution Hall, for San Francisco papers and interesting private communications of public affairs for that city, during the government of the Vigilance Committee.

The Universalist Sabbath School made an excursion to-day to Hermon Pond. The train leaves at eleven o'clock this forenoon, and those who prefer it can go out and join their companions this afternoon. It will be a pleasant season.

Gas Dividend. The Bangor Gas Light Company declared a semi-annual dividend yesterday of 4 per cent.—Journal, 16th.

Commander Du Vanbrugh Dyer is now engaged in making a pleasant visit to the country about as lovely as the year. We think any person must admire some of the pulpit orators, and that there are distinctly *gentlemen*. They are known to us of the press as able hard-working and accomplished business men of the character well worthy the benevolent calling which they assume. Principal among the best remedies for the sick and afflicted. Success to you, Captain and to your command for both the *Sea* and *Shore*.—*Hartford Christian*.

Mr. A. S. Cook of Dixfield lately lectured on the call from an illiterate to our readers were announced his as the original of Uncle Tom's Cabin—long may he wave.

News and Facts.

From the Charleston Mercury, June 1, 1856.

Who and what is Colonel Fremont that we should shout his name? Are we love and honor a Napoleon or a snow drift, and an outer of dog's flesh?

Perhaps the latest and most satisfactory answer that can be given to this query is found in the following:

From the Charleston Mercury, April 1, 1856.

The marked and brilliant career of Colonel Fremont has attracted general attention and admiration, and his views watched with a lively interest by millions of our fellow citizens of the Union, *particularly in proximity to them*, and their opinions with which he has so long and so deeply identified himself, claims a moment's attention, too, from us.

Another objection which he may be asked, that by repealing this bill the Senate enacts a new elective law, thus assuming the power of Congress to legislate for a territory in regard to matters of internal concern, which, in the opinion of the Senator, a Territory has already a local legislature of its own, thus abandoning and repudiating by their action, the ground principle on which the friends of the Kansas bill claim that it was based.

But the gravest objection urged is that, under the provisions of the bill, the action of the Constitutional Convention, which is to assemble next fall, is to be finality, that Constitution which she (the adopted by that Convention is not to be submitted to the people, and they are therefore denied the invaluable privilege of acting in their sovereign capacity upon any organic law of the land. In regard to the alteration of the elective law, the Territory in the election of its delegates to the Convention, and the finality of the action of the Convention itself, Gov. Reeder very justly remarks that to give to a bona fide Commissioners appointed by the President the power to determine who shall vote for delegates to the Convention and to be the judge of the election of such delegates, and to make a return of the Convention itself, is a case so important as the formation of a constitution and state government as to create a power dangerous to popular rights, and wholly unestablished in a republican.

Mr. Reeder says, he has some effort of refusing to submit the question to a vote of the people, whose fate it is to abide the necessity of retaining a Territorial legislature, a legal body of men during the war. Many citizens and others, who have accumulated shifting plans in the Territory, will probably take up a temporary residence there are certainly *gentlemen*. They are known to us of the press as able hard-working and accomplished business men of the character well worthy the benevolent calling which they assume. Principal among the best remedies for the sick and afflicted. Success to you, Captain and to your command for both the *Sea* and *Shore*.—*Hartford Christian*.

Perhaps the latest and most satisfactory answer that can be given to this query is found in the following:

From the Charleston Mercury, April 1, 1856.

The marked and brilliant career of Colonel Fremont has attracted general attention and admiration, and his views watched with a lively interest by millions of our fellow citizens of the Union, *particularly in proximity to them*, and their opinions with which he has so long and so deeply identified himself, claims a moment's attention, too, from us.

Another objection which he may be asked, that by repealing this bill the Senate enacts a new elective law, thus assuming the power of Congress to legislate for a territory in regard to matters of internal concern, which, in the opinion of the Senator, a Territory has already a local legislature of its own, thus abandoning and repudiating by their action, the ground principle on which the friends of the Kansas bill claim that it was based.

But the gravest objection urged is that, under the provisions of the bill, the action of the Constitutional Convention, which is to assemble next fall, is to be finality, that Constitution which she (the adopted by that Convention is not to be submitted to the people, and they are therefore denied the invaluable privilege of acting in their sovereign capacity upon any organic law of the land. In regard to the alteration of the elective law, the Territory in the election of its delegates to the Convention, and the finality of the action of the Convention itself, Gov. Reeder very justly remarks that to give to a bona fide Commissioners appointed by the President the power to determine who shall vote for delegates to the Convention and to be the judge of the election of such delegates, and to make a return of the Convention itself, is a case so important as the formation of a constitution and state government as to create a power dangerous to popular rights, and wholly unestablished in a republican.

Mr. Reeder says, he has some effort of refusing to submit the question to a vote of the people, whose fate it is to abide the necessity of retaining a Territorial legislature, a legal body of men during the war. Many citizens and others, who have accumulated shifting plans in the Territory, will probably take up a temporary residence there are certainly *gentlemen*. Suicide at Aroostook.

A correspondent writes the Mars Hill Aroostook, August forty years of age, hung himself July 6th, in No. 8 Aroostook County. Mr. S. was a man of intemperate habits, and had been for some time hanging about the rum shops. Mr. Sawtelle's money was gone, and no more rum to be had down, when he put an end to his existence by hanging himself in his barn, with a rope. So much for rum and drugs.

The Don at Kansas Bill.

In consequence of a request of the editors of the New York Post, Hon. Gov. Robertson of Kansas, has addressed them a letter in which he expresses his opinion upon the bill which recently passed the Senate, to put aside the people of Kansas to form a State government. Lieut. Gov. Roberts presents some forcible objections to this bill, which are no less, as he says, confined to its details and to attach to the principles upon which it rests. He asserts in the first place that by repealing and amending certain territorial laws and leaving others in force the Senate has assumed that the Legislative Assembly of Kansas was a valid authority, and thus affixed the seal of Congressional sanction upon an irregular and lawless body of men, who were elected by a vote directly subversive of the principles of our government.

Another objection which he may be asked, that by repealing this bill the Senate enacts a new elective law, thus assuming the power of Congress to legislate for a territory in regard to matters of internal concern, which, in the opinion of the Senator, a Territory has already a local legislature of its own, thus abandoning and repudiating by their action, the ground principle on which the friends of the Kansas bill claim that it was based.
